

## Your Source For Power & Controls

Our staff at Pala Technologies has over 100 years of combined wholesale distribution expertise with extensive resources to source your power and controls requirements.

[www.PalaTechnologies.com](http://www.PalaTechnologies.com)

In 2005 we expanded our offering through an asset purchase of Elite Buildings, a custom manufacturer of equipment shelters. Elite Buildings, founded in 1980 has produced thousands of custom engineered metal buildings to protect people and equipment from harsh environments. Elites' customer base of electric utilities, oil & gas, water treatment, mining, telecommunications, military, OEMS and industrial customers now look to Pala / Elite for turnkey integration of their their power and control equipment as well.
